FOOTPRINTS: STORY OVERVIEW

Struggling to put the past behind him, David labors with the everyday task of simply living. Facing his greatest challenge, accepting the love and forgiveness for his past, he constantly searches for ways to earn acceptance from those around him. Finally losing his closest companion and best friend--a German Shepherd named Smokey, became too much. His dog had been the one friend who had never left his side and had always accepted him for who and what he was. David found himself in the one place he feared most. Alone.

A place God never intends any of us to be.

Abused and neglected, Cadie grew up alone. Rescued but still lost, Cadie became an award-winning dog. She received the Boomerang Award at the rescue she was in. It was an award given to the dog who is brought back the most number of times. No one wanted her. And she didn't want anyone either. She wanted to be alone. A place that's not normal for a German Shepherd.

A place God never wants for any of His creatures.

But this is when God does His greatest work. FOOTPRINTS is the true story of a man who finds the healing power of love only after he's lost everything he valued and had given up. It is a true story of a dog who learned to trust and serve only after she'd been discarded as worthless. It is the true story of a journey the two of them took that neither knew would bring them together.

But God did.

Through His guidance, a man and a dog would experience the transformation from being unwanted to becoming cherished. In the process, they would impact lives around them in only ways God could imagine.

REVIEWS

"A wonderful story which features a young boy named David Hyler and the struggles he faces over the years into his adult years... As a man David cares for German Shepherds and when an abused one named Cadie comes into his life, in addition to a new wife named Hope, David has a chance to live the kind of life he longs for...the themes of this movie are great: forgiveness, loyalty, second chances, and love. Catch this one!"

- The DOVE Foundation

"The story is one of a man who finds hope, love, and fulfillment in an unlikely place as he follows God's direction. "FOOTPRINTS" has a very strong Christian, moral worldview with references to forgiveness, hope, and love. The flashbacks are extremely well directed and acted. The jeopardy is intense...there's something clearly at stake, that is, David's survival and Cadie's survival...A strong entertaining, Christian story that is well worth watching. The movie tells a strong Christian story in a positive manner...wonderful message of faith in God's plan...well worth watching!"

- Dr. Ted Baehr, Publisher

"There is much uncertainty in life these days. People are concerned about a great many things, and movies have always been an escape for us from the pressures of life. So we make the drive, buy the ticket, and for two hours we allow our head to get filled with stuff, much of it does nothing to encourage us. FOOTPRINTS is different. New Shepherd Films is different. You will feel the difference when you leave the theater...a wonderful story, the kind of story our troubled times needs more of."

- Bob Kemp, Renew America Magazine

"Multimillion dollar budgets for special effects can serve to draw crowds to Hollywood's latest blockbuster. A \$20 million A-list actor or actress can nearly ensure that every theater seat will be filled on opening day. But writer and director Jim Huggins has utilized the third, and perhaps most important ingredient needed to make a good movie: A good, heartwarming storyline. "FOOTPRINTS" has a strong musical score, good lighting and editing, a tempo that doesn't drag, and solid acting punctuated by the heartwarming dogs themselves. Take the family, it's appropriate for all ages. It's so well done, that even a cat person will love it!"

AUDIENCE REACTIONS

"This movie will change your life."

"We saw the movie. I found it to be very touching as did my boy. When the little boy in the film was told his mother was not coming home, Ricky climbed into my lap and started hugging me and fidgeting at the same time. I knew the movie got to him so I asked him what the problem was. He told me he was sad for **ME!** I asked why and he said because **MY** mommy had died. My jaw dropped to the ground. I was amazed to realize how much empathy my little boy has. It was incredible. Thanks. *Your movie helped me to realize something about my son that surprised the heck out of me.*" – Richard D.

"This is a wonderful movie! I received my DVD Saturday and watched it with my parents Sunday! Such a strong message!" - Cheryl S.

"Excellent! Can't wait to see it – **AGAIN!**" – Linda D.

"We finished watching FOOTPRINTS last night. It is an incredible story. Great job!" - Gayline S.

"Just got my movies in the mail today and the whole family sat down and watched it!! Great job on this movie. The message is awesome!" - Sara F.

"It's about time Hollywood steps up and recognizes good down home family values movies instead of blood, gore, sex, & violence. CONGRATULATIONS and keep up the GREAT work. Continue to spread the word!" – Chuck T.

"Received my copy today and watched it this afternoon. A wonderful movie! God Bless!" – Sue D.

A special word from German Shepherd Rescue of New England

“**FOOTPRINTS** is a compelling true story of the rescue of both people and animals. The lead K9 actor in this movie is an adopted GSRNE (German Shepherd Rescue of New England) dog, Rocket, whose canine personality comes shining through. In fact, most of the German Shepherds appearing in the film are rescued animals, reflecting the ideals of the producers. This is a Christian-produced movie; and Jim and Cadie’s stories show the profound effects each had on the other.”

ABOUT NEW SHEPHERD FILMS

People love stories. And we’re visual creatures. That’s why stories told with pictures—motion pictures to be more precise—are so effective at communicating a message. The only question then becomes “What message do you want to communicate?”

New Shepherd Films may be new to the industry, our management is one of the most experienced and dynamic teams around. In just our co-founders alone, Jim Huggins and Russell Dougherty, we have nearly 50 years of combined experience overseeing artistic and technical leaders from a wide range of backgrounds in film and entertainment.

New Shepherd Films is devoted to producing high-quality, family entertainment with Christian-oriented themes based on real life events. We want to entertain our audience with high-quality, creative talent and technological capabilities while at the same time tell true stories about God at work in everyday lives. Everyday. And do so with films that deliver great stories, spectacular visual imagery and a sensibility that appeals to both children and adults without a heavy-handed approach to presenting faith-based values.

Given the pace of our society today...with all the demands, distractions, and pressures we face each day...it's easy to lose sight of the fact that God really does exist and that He's involved in our lives? Engaging stories are a great way to slow down and see the world around you from a different perspective!

Founded in 2009, New Shepherd Films has quickly become a recognized leader in Christian entertainment. In all our products, we strive to tell true stories that are uplifting and inspiring, yet told with a level of sophistication that appeals to the broadest audience possible and captures the imaginations of all people, regardless of age or faith.

With more stories under development, New Shepherd Films promises to be here to stay. In fact, here’s a glimpse into our next production currently under development...

Accompanied only by his German Shepherd, a military working dog trained to protect him and the unit they serve, a young man grows up faster than he imagined anyone could.

Driven to make a difference and serve at a time when virtue was ridiculed by many, they learn first-hand the real meaning of loyalty, service, and sacrifice as he joins the rare fraternity of those who have earned our nation's highest honor. The Medal of Honor.

Based on actual events, this is the true story of the life of a young man thrust into a world few can comprehend.

ABOUT THE FILMMAKERS

Jim Huggins

Producer, Director and Writer

Leadership. Vision. Dedication. Ability. These are the key attributes that define Jim Huggins. He's built his career on them. Along with his faith, they define him. But the attribute he enjoys the most is storyteller.

At a recent summit in Hollywood, *VARIETY Entertainment* referred to Jim as one of the "top entertainment chiefs" for faith-based film, TV and digital media. His experience includes theater, commercial campaigns, voiceovers, printwork, and feature film. An accomplished author, award-winning stage actor, experienced director, and professionally-trained TV/Film actor, Jim understands the full spectrum of how to tell stories and tell them well.

Jim began his career as an officer in the Air Force. Recognized as a high-potential leader early in his career, Jim was appointed the Executive Officer for the largest directorate in Space Command. At 24, he was the youngest ever selected for this job. This was the first in a long string of successes that ultimately took him to the Pentagon. A volunteered for a selectively manned position at HQ US Central Command during Operation Desert Storm, Jim continued to support subsequent operations throughout the Middle East and northern Africa. Jim's leadership has earned numerous awards including the Defense Meritorious Service Medal, two Joint Service Commendation Medals, and the Air Force Commendation Medal.

Presented with unique opportunities to direct his talents towards innovative technology startup companies in the private sector, Jim moved from the Active Duty forces to the Reserves. His continued success propelled him upward with ever-increasing responsibilities where Jim excelled at a global level as part of a select management team between AMR and CSX; two of the world's largest transportation companies. Along the way, Jim earned an MS in Engineering and a Ph.D. in Engineering Management.

In 2006, he set his sights on the entertainment industry. Recognizing the need for family-friendly films and other entertainment products with a solid faith-based message, he turned his passion for storytelling into the driving force behind a new career. By 2009, Jim's accomplishments included becoming an award-winning stage actor, experienced director, and professionally trained TV/Film actor. From these successes came New Shepherd Films, an entertainment company dedicated to producing faith and family content specifically for the crossover audience.

In 2011 Jim and his team released their first film, "FOOTPRINTS - Angels are real. Some even have fur." Based on the reviews, audience reactions, and an ever-increasing fan base, they clearly hit the target! But Jim's desire to impact the culture around him in a positive way as a storyteller goes beyond movies. Entertainment extends into books, as well. Here, Jim has also become a published author with two books already in worldwide release through a strategic alliance between New Shepherd Films and OakTara Publishers.

Recently awarded a Doctor of Divinity and ordained as a Christian pastor for his efforts at Creative Evangelism, Jim is an entertainment executive who understands the power of a good story told well. In less than four years, all three entertainment projects from Jim and New Shepherd Films have received critical acclaim and have been awarded the Dove Seal for family entertainment from the Dove Foundation.

A dedicated father with three children, Emma, David, and Samuel, Jim and his wife, Leslee (along with their rescued German Shepherd) make Salem, OR their home.

ABOUT THE FILMMAKERS

Russ Dougherty

Director of Photography and Writer

Russ knew at the age of seven he wanted to produce motion pictures and television programs. So, it was no surprise that forty years later in 2009, Russ partnered with Jim Huggins to form New Shepherd Films, an independent feature film production company dedicated to telling true stories that highlight God at work in everyday lives. Their first feature, "Footprints," is based on a true story of hope and how the power of love can change lives.

An award-winning professional behind the camera and in the studio, Russ has developed and produced shows for a variety of outlets, most notably television. He has had the pleasure of working with such talents as Martha Stewart, Jeff Dunham, Jack Palance, Lee Remick, Tony Orlando, Chuck Negrón, and Anthony Bourdain.

In addition to his television work for broadcast stations in the Boston and Providence markets, Russ has had his productions on the ABC, FOX, and TLC networks. Recognized for excellence, Russ has been honored with numerous awards for video productions including two grand prize awards from Videomaker™ Magazine, two platinum awards from The National Professional Videographers' Association, the Director's Award, and an Award

of Excellence from the MarCom Marketing and Communications Agency.

His journey to becoming a film producer began back in 1974. At the young age of 15, he was already designing logos and advertising materials for local businesses. Shortly thereafter, his passion for photography expanded his business to include portrait, event, and product photography. Ten years later, in 1984, when video production started to become popular, Russ quickly adapted his business and focused on this emerging media outlet. By 1986, Russ had founded Video Excellence, a video production company located in southern Massachusetts, specializing in documentary, commercial, training, event, and promotional video production. His talents for graphic design, photography, and writing were added benefits to the creative services offered by Video Excellence.

But Russ has not limited himself to staying behind the camera. In 1987, Russ spent time in Newport, RI working on the motion picture *Mr. North*, directed by Danny Huston, the son of legendary actor and director, John Huston. *Mr. North* starred Anthony Edwards, Robert Mitchum, Lauren Bacall, Angelica Huston, and David Warner. The experience further reinforced Russ' desire to pursue feature film production.

In 1991, Russ, along with David Sinclair and Larry Lechan, co-produced and co-wrote, *Doctor Mongo's Midnight Movie*, an original weekly comedy program for WNAC-TV in Providence, RI. In 1993, Russ, along with Jon Doughtie, co-produced a documentary, *Go the Extra Mile*, the story of Richard Drorbaugh, a man who rode his bicycle around the world to raise money and awareness for cancer research.

In addition to developing television, Russ has produced internet programming for businesses, training, and promotional materials for national companies and institutions such as Sears, Coors Brewery, BellSouth, K-Mart, Bloomingdales, Joslin Diabetes Center, The Dana Farber Cancer Institute, N.O.A.A. as well as Brandeis University, Johnson and Wales University, Fairfield University, Providence College, and Roger Williams University.

Russ along with Gail, his wife of more than 25 years, continue the legacy of producing superb video projects for television and the internet.

ABOUT THE FILMMAKERS

Leslee Huggins

Associate Producer and Music Supervisor

Dr. Leslee Huggins, a southerner by birth and an Oregonian by choice, brings a unique and insightful balance of intellect, art, and compassion to the team at New Shepherd Films.

Talented, intelligent, gifted, and a leader, Dr. Leslee can best be described as passionate. She is absolutely passionate about sharing God with others. And she does this at every opportunity.

Leslee received her degree as a Doctor of Dental Surgery from Baylor College of Dentistry. During her first residency, she went on to earn her Master of Science degree in Orthodontics from St. Louis University. She then began private practice in Raleigh, NC where she quickly became aware of the needs of pediatric dental patients in the underserved community—an experience which became the driving force for all her future endeavors. As a result, Dr. Leslee returned to school and completed a second residency in Pediatric Dentistry at the University of North Carolina at Chapel Hill—while maintaining her private practice at the same time!

A dual-specialist in the field of dentistry, Dr. Leslee, Jim, and their 3 children (Emma, David and Sammy) relocated to her home state of Texas after enjoying 11 successful years in private practice. Shortly thereafter, she was

presented with an opportunity to practice the dentistry she's always wanted to do. But, it required another move—this time to a cooler climate far away from the Texas heat! In July 2007, Dr. Huggins and her family relocated to New England. And in early 2016, they answered the call to come to the Pacific Northwest...a moved that has proven to be ideal for the whole family as well as New Shepherd Films!

Dr. Leslee specializes in serving children with special needs and working in the underserved communities throughout much of Central and Western Oregon. Whether she's performing surgery or seeing patients in the clinic, she's able to do the job she loves for the children about which she cares deeply. She's also a Diplomate of the American Board of Pediatric Dentistry and a reviewer for their professional journal, [Pediatric Dentistry](#).

But her service to others doesn't stop here. Dr. Leslee is deeply committed to service at all levels. This is what led her to serving our country in the US Navy Reserves. A decorated officer, she was recently promoted to the rank of Commander and is part of the vital Naval Health Department team where she is currently stationed at the Naval Operational Support Center in Portland, OR.

With all this as part of her normal life, it would be easy to overlook the artistic side of Leslee. And you would be missing a lot! An accomplished musician on several instruments, most notably the flute, Leslee is completely at home performing in front of an audience. Whether in church, at halftime in a crowded football stadium, or simply entertaining at home, the lofty and gentle strains of her music always help remind us that God is near. Her talents extend beyond music and onto the stage as well as into the studio in front of the camera. An award-nominated stage actress, Leslee even found time to be the spokesperson on a national advertising campaign for Hasbro!

These are among the many gifts she provides to the team at New Shepherd Films. Perhaps most importantly, she brings a love for God and the heart of a servant.

'Footprints' Called A GREAT Success in US DVD Retail Market

Salem, OR – May 7, 2016 – New Shepherd Films, LLC announced earlier today that US DVD retail sales of the faith and family film *Footprints* have been very strong. Word of mouth and a strong social media fan base gave *Footprints* a solid showing during the first quarter of this year which included the Easter season.

Jeff Hayne, Vice President, Content Acquisitions, with Mill Creek Entertainment, said “*Footprints* has been nothing short of a GREAT success! It has been a success virtually everywhere it’s gone.” Mill Creek Entertainment is the licensee for the faith and family film *Footprints* and has made the film available on DVD in retail and online stores throughout the US, most notably WalMart, Target, and Amazon among others.

“Not only is this a major celebration for the film, it happened organically. As one might imagine for an indie film company, our budget for advertising is non-existent. But the story of *Footprints* is one that resonates with a large and diverse audience and stories like that find a way to get out. Our fans deserve a lot of credit for making this happen. Getting to the shelves was a one accomplishment but getting to people’s heart was the real success!”, says Jim Huggins, New Shepherd Films’ President/CEO. Huggins went on to add, “New Shepherd Films owes a huge thanks to the dedication and efforts of Ani Khachioian and her team at C3 Entertainment, Inc. This would never have happened without them.” C3 Entertainment, Inc. is New Shepherd Films’ major representative and distributor.

Based on a true story, *Footprints* is the story of a man who finds the healing power of love only after he's lost everything he valued and had given up. It's the true story of a dog who learned to trust only after she'd been abused and discarded as worthless. They embarked on a journey neither knew would bring them together and demonstrate that just because you had a bad past doesn't mean you can't have a great future.
